

INFRASTRUCTURE TASK FORCE

The New Democrat Coalition is made up of more than 100 forward-thinking Democrats who are committed to pro-economic growth, pro-innovation, and fiscally responsible policies. New Democrats are a solutions-oriented coalition seeking to bridge the gap between left and right by challenging outmoded partisan approaches to governing. New Democrats believe the challenges ahead are too great for Members of Congress to refuse to cooperate purely out of partisanship.

INFRASTRUCTURE TASK FORCE LEADERSHIP

Co-Chairs

Reps. Stacey Plaskett, Jason Crow, Elissa Slotkin,
and Salud Carbajal

INFRASTRUCTURE TASK FORCE MISSION

The New Democrat Coalition Infrastructure Task Force will work to create jobs, spur economic growth, and modernize America's transportation, port, air, water, energy, and communications infrastructure. We must make sustainable and innovative public and private investments across the U.S. to repair and upgrade existing assets and build vital new projects. We will seek to support projects that help communities become more energy efficient, resilient and better prepared to deal with the impacts of climate change and environmental cleanup. Finally, we will seek to give communities ownership of local development, and encourage innovation, regulatory streamlining, and more comprehensive and multi-project long term planning.
